

# Home Builders Association of Northern Kentucky

## CARPENTRY CURRICULUM

### **COURSE 1:**

**Basic Floor/ Wall/Roof Framing**

### **COURSE 2:**

**Blueprint Reading/Stair Layout/Architectural Drafting**

### **COURSE 3:**

**Related Trades/Concrete Technology/Concrete Forming**

### **COURSE 4:**

**Small Business Management/Residential Estimating**

The Residential Carpentry Program is 2 years in length and courses may be taken in any order. Classes meet 2 evenings per week, 3 hours per night, September through March of each year.

Instructors are all full time professionals who teach part time in the evenings, many are graduates of the Home Builders programs.

The Carpentry Program began in 1967 and continues to be the main source of trades training in the Northern Kentucky area.
